ABOUT THE EVENT

Joh Leader and Taje Fowler from LeaderLife will be delivering a workshop from a grassroots community perspective on all things volunteering and community engagement.

Joh has worked in community in the heart of a social housing estate in Dubbo since 2010 from Apollo House. With over a decade of community learnings under her belt, Joh and the LeaderLife crew use a soft entry, community driven approach to engage some of the hardest to reach people in our community, ultimately helping them to live their best life.

LeaderLife's moto is 'Let's Grow Our Kids, Our Community' ... so come alone and lets grow together; supporting each other to unpack community togetherness, building your networks to build your life, understanding the value of volunteering and how you can get involved.

There will be a light supper generously provided and everyone will receive a small gift on the evening.

See you there!
